Claris 63" 1080p Flat-Panel Plasma HDTV

This huge 63" plasma HDTV features full high-definition 1080p resolution (1920 x 1080 pixels progressively scanned) which is the pinnacle for consumer home theater systems. The High-Definition Multimedia Interface (HDMI) inputs are the standard for digital video transport in today's home-theater environments. The main benefits are the clarity of a digital signal and that the video and audio are streamed over a single cable connection.

Product Features

- Built-In HDTV Tuner: Add HD-capable antenna to receive over-the-air high-definition broadcasts, where available. Optional set-top box required for high-definition cable or satellite programming.
- 1920 x 1080 pixel resolution for breathtaking image clarity.
- 1080p display provides the highest quality progressive-scan picture possible from a high-definition source.
- Progressive scanning maximizes the picture quality of progressive-scan DVD players, set-top boxes and digital video recorders.
- 2 HDMI inputs provide an uncompressed all-digital audio/video link for the highest-quality connection and supports copy-protected HD broadcast content.
- 16:9 widescreen aspect ratio for cinema-style viewing; 3-2 pulldown for accurate reproduction of film-based sources
- Wide horizontal and vertical viewing angles for comfortable viewing from almost any seat in the house
- Mstar Advanced Color Engine-3[®] technology delivers lush image detail and vibrant color
- 3D Y/C digital comb filter delivers state-of-the-art detail and color enhancement
- 2 built-in, bottom-mount 10W stereo speakers with digital noise reduction for crisp, clear audio
- Slim design is ideal for wall mounting (with optional mounting kit, not included)
- PC video input lets you connect your computer to experience high-resolution images and gaming visuals
- HDMI inputs provide an uncompressed all-digital audio/video link for the highest-quality connection and they support copy-protected HD broadcast content
- Inputs: 2 HDMI (1 rear, 1 side), 1 S-video, 2 component video (1 rear, 1 side), 1 composite video, 1 PC and RF Coaxial
- Outputs: 1 digital audio, 1 A/V, 1 headphone, 1 RS-232 minijack
- V-Chip parental controls keep children from being exposed to undesirable material
- Macrovision[®] to find the shows that matter most to you
- Other convenience features include closed captioning, channel labeling, trilingual (English, French, Spanish) onscreen display and sleep timer
